

Brand Guidelines

Welcome to the Edinext identity

This document sets out how to use the Edinext brand consistently across every communication: logo, colour, typography, visual language and applications. It is written for the team, partners, suppliers and the press.

The brand

THE BRAND

About us

Edinext S.r.l., based in Lecce, Italy, works in ICT with a team of professionals who design and build applications for public administrations and businesses.

In twenty years it has digitised more than 30 Prevention Departments of Italian local health authorities. Its platforms cover workplace and construction-site safety, food hygiene, veterinary public health, vaccinations, community healthcare governance, family health centres and volunteer networks such as ReteAVIS for Avis Puglia.

Edinext operates an ISO 9001:2015 quality management system and a UNI/PdR 125:2022 gender equality policy, and holds the legality rating awarded by the Italian Competition Authority (AGCM).

MISSION

Research that gives clients simple, integrated and complete solutions for managing complex processes.

PRINCIPLES

01

Flexible solutions

Modular applications that adapt quickly to each organisation.

02

Quality as standard

An ISO 9001:2015 certified management system guides every company activity.

03

Tailored searches

Configurable reports, grids and charts on each service's data.

04

Managing complexity

Heterogeneous information, flows between different bodies, evolving regulation.

05

Strategic planning

Optimised resources, from organisational analysis to on-the-job support.

THE BRAND

Tone of voice

Edinext speaks like a mature company working for public healthcare: precise, restrained and attentive to people.

Precise

Exact names, regulations and figures. Every statement can be verified.

Yes: “NOL sends the preliminary notification to the health authority and the Labour Inspectorate in real time.”

Institutional

Clear, sober language suited to public bodies and healthcare professionals.

No: “We are revolutionising the future of healthcare.”

Human

Technology is always described through the people who use it.

THE BRAND

Who we speak to

Citizens and patients

Families, patients, blood donors, workers

Businesses and professionals

Construction clients and contractors, asbestos removal companies, food business operators

Prevention staff

Services of the ASL Prevention Department: SPESAL, SIAN, Veterinary Services, Epidemiology

Healthcare facilities and professionals

Healthcare and social-care facilities, family health centres, GPs and paediatricians, occupational physicians, transfusion centres

Regions and public bodies

Regional governments, local health authorities, Labour Inspectorate, INAIL, national reporting

Schools and associations

Schools, volunteer associations

02

Logo

LOGO

The logo

The rounded blue logotype and the green brush-stroke X form a single mark. In the “Innovare × Crescere” tagline the X becomes a connector: it is the brand’s signature and must always be reproduced from the original file.

LOGO

Versions

Three versions for different contexts. The logo with tagline is the primary version.

Logo with tagline

Wordmark

X symbol

LOGO

Colour versions

The logo comes in four colour versions. Always choose the one with the best contrast on the background.

The logo 'edine^{xt}' is displayed in its full color. 'edine' is in a blue sans-serif font, and 'xt' is in a green, textured, brush-stroke style font.

Full colour · #FFFFFF

The logo 'edine^{xt}' is displayed in white. 'edine' is in a white sans-serif font, and 'xt' is in a green, textured, brush-stroke style font.

Reverse · #07101D

The logo 'edine^{xt}' is displayed in black. 'edine' is in a black sans-serif font, and 'xt' is in a black, textured, brush-stroke style font.

One colour, black · #FFFFFF

The logo 'edine^{xt}' is displayed in white. 'edine' is in a white sans-serif font, and 'xt' is in a white, textured, brush-stroke style font.

One colour, white · #0076B9

LOGO

Clear space

Leave free space around the logo equal to half the height of the letter “e” (x). No text, image or edge may enter this area.

LOGO

Minimum size

Below these sizes the logo loses legibility. For small spaces use the wordmark without tagline, or the symbol.

Logo with tagline

160 px · 40 mm

Wordmark

100 px · 25 mm

X symbol

16 px · 5 mm

LOGO

Backgrounds

The full-colour logo goes on white or very light backgrounds; on dark backgrounds use the reverse version; on Edinext Blue the white version.

LOGO

Incorrect use

The logo is displayed with the word 'edine' in red and 'Xt' in blue. A red circle with a white 'X' is in the top right corner of the box.

Do not change the logo colours.

The logo is displayed horizontally stretched. A red circle with a white 'X' is in the top right corner of the box.

Do not stretch or squash.

The logo is displayed at an angle, rotated clockwise. A red circle with a white 'X' is in the top right corner of the box.

Do not rotate.

The logo is displayed with a soft drop shadow behind it. A red circle with a white 'X' is in the top right corner of the box.

Do not add shadows, outlines or effects.

The logo is displayed on a solid blue rectangular background. A red circle with a white 'X' is in the top right corner of the box.

Do not use on low-contrast backgrounds.

The logo is displayed using a standard sans-serif typeface, where the 'X' is green and 't' is blue. A red circle with a white 'X' is in the top right corner of the box.

Do not rebuild the logotype with a typeface.

LOGO

Co-branding

Next to the logos of health authorities, regions and partners, Edinext keeps the same visual height as the partner logo, separated by a vertical rule and a space equal to the width of the X symbol.

edineXt

Partner logo

LOGO

Product marks

Applications with their own mark use it next to their name. Those without an official mark use a neutral tile with the acronym in Geist Mono: it must not be turned into a logo.

03

Colour

COLOUR

Primary colours

Edinext Blue and Edinext Green come from the logo. Green is an accent colour: never use it for text.

Edinext Blue

Logotype colour. Links, primary elements, charts.

HEX #0076B9
RGB 0 · 118 · 185
CMYK 100 · 36 · 0 · 27

Edinext Green

Colour of the X. Accent only: dots, marks, details on dark backgrounds.

HEX #81B736
RGB 129 · 183 · 54
CMYK 30 · 0 · 70 · 28

COLOUR

Neutrals

Neutrals build most surfaces and text, leaving room for the brand colours.

Ink

Text, headings, primary buttons.

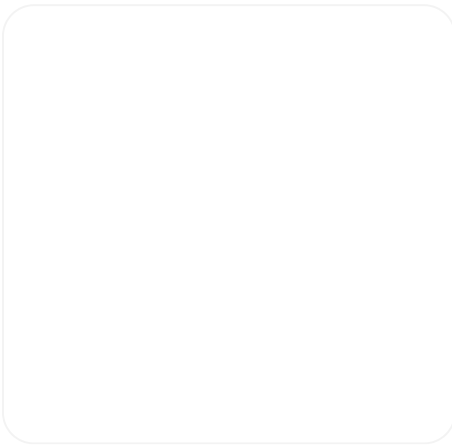

HEX #0B1220
RGB 11 · 18 · 32
CMYK 66 · 44 · 0 · 87

Night

Dark surfaces: diagrams, footer, covers.

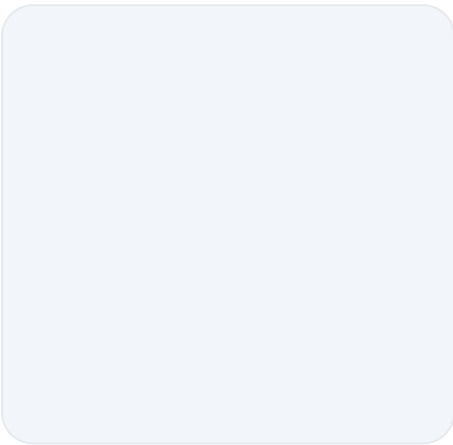

HEX #07101D
RGB 7 · 16 · 29
CMYK 76 · 45 · 0 · 89

White

Main background.

HEX #FFFFFF
RGB 255 · 255 · 255
CMYK 0 · 0 · 0 · 0

Mist

Secondary backgrounds and alternate sections.

HEX #F2F5F9
RGB 242 · 245 · 249
CMYK 3 · 2 · 0 · 2

Line

Rules, borders, dividers.

HEX #E3E8EF
RGB 227 · 232 · 239
CMYK 5 · 3 · 0 · 6

Slate

Secondary text, captions, labels.

HEX #5A6679
RGB 90 · 102 · 121
CMYK 26 · 16 · 0 · 53

COLOUR

Support colours

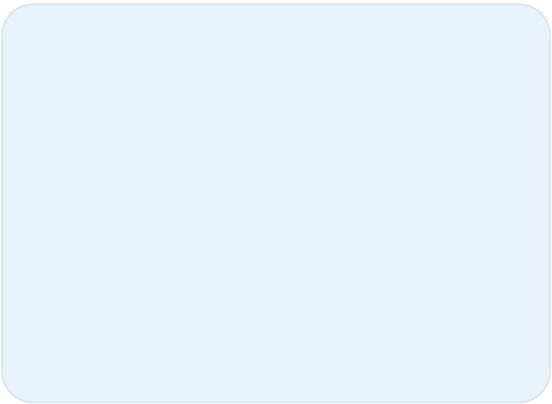

Functional variants for digital interfaces: accessible coloured text, soft backgrounds, error messages.

Text blue

Links and blue text on light backgrounds (AA contrast).

HEX #005D94
RGB 0 · 93 · 148
CMYK 100 · 37 · 0 · 42

Blue tint

Tags, chips, highlights.

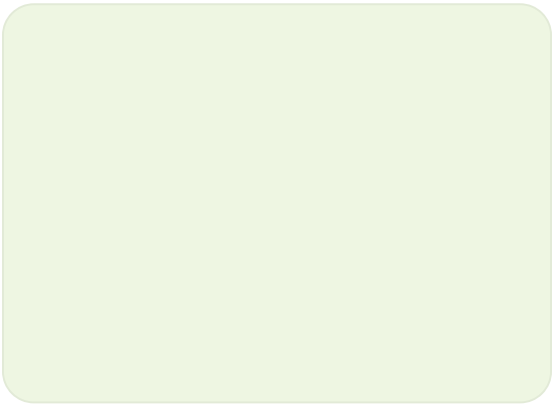

HEX #E7F2FA
RGB 231 · 242 · 250
CMYK 8 · 3 · 0 · 2

Text green

Green text on light backgrounds, when essential.

HEX #3F6A0F
RGB 63 · 106 · 15
CMYK 41 · 0 · 86 · 58

Green tint

Confirmation messages, highlights.

HEX #EEF6E2
RGB 238 · 246 · 226
CMYK 3 · 0 · 8 · 4

Error

Form error messages only.

HEX #B42318
RGB 180 · 35 · 24
CMYK 0 · 81 · 87 · 29

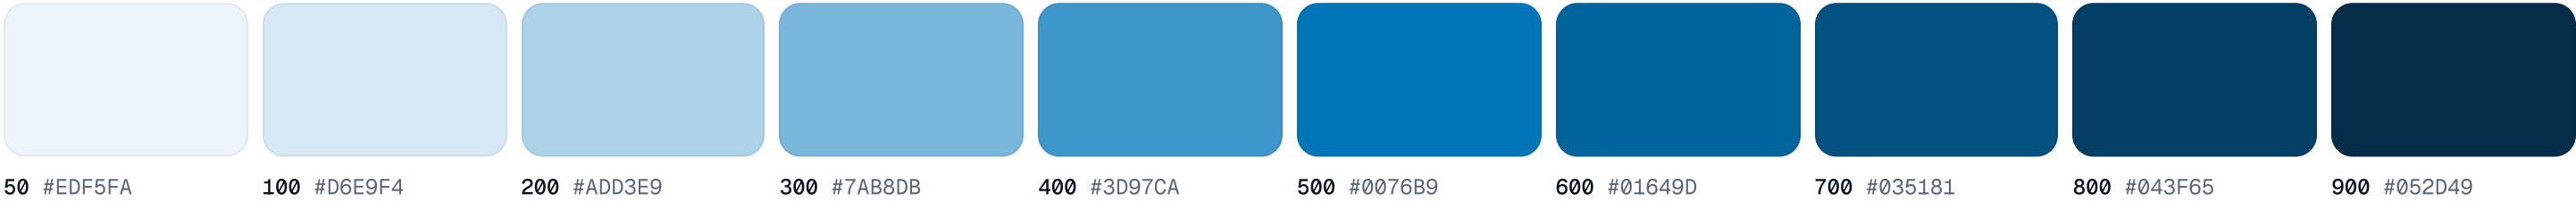

CMYK values are reference conversions: confirm them with the printer’s colour profile. Pantone references are not defined yet.

COLOUR

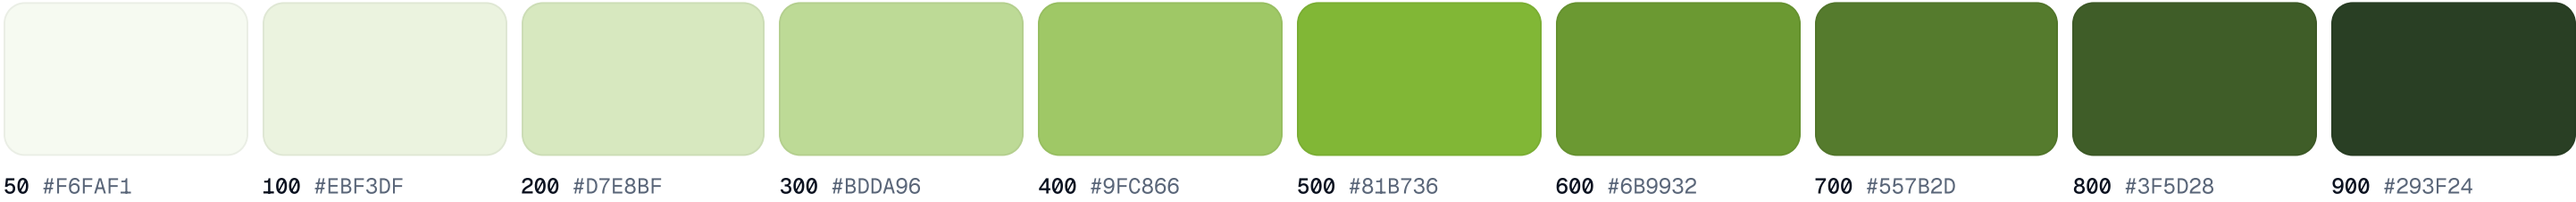

Tonal scales

Scales from 50 to 900 for charts, diagrams and interfaces. Step 500 is always the brand colour.

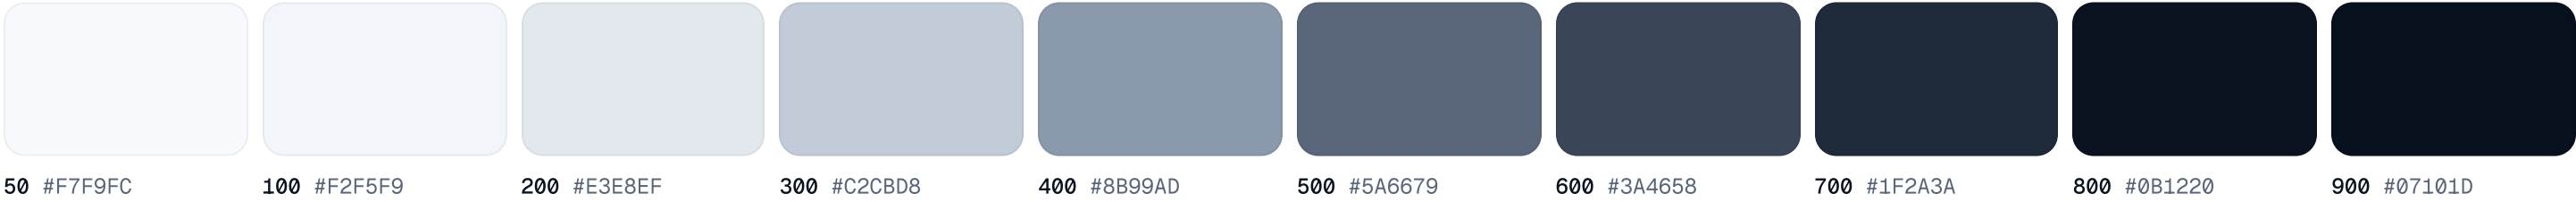

BLUE

GREEN

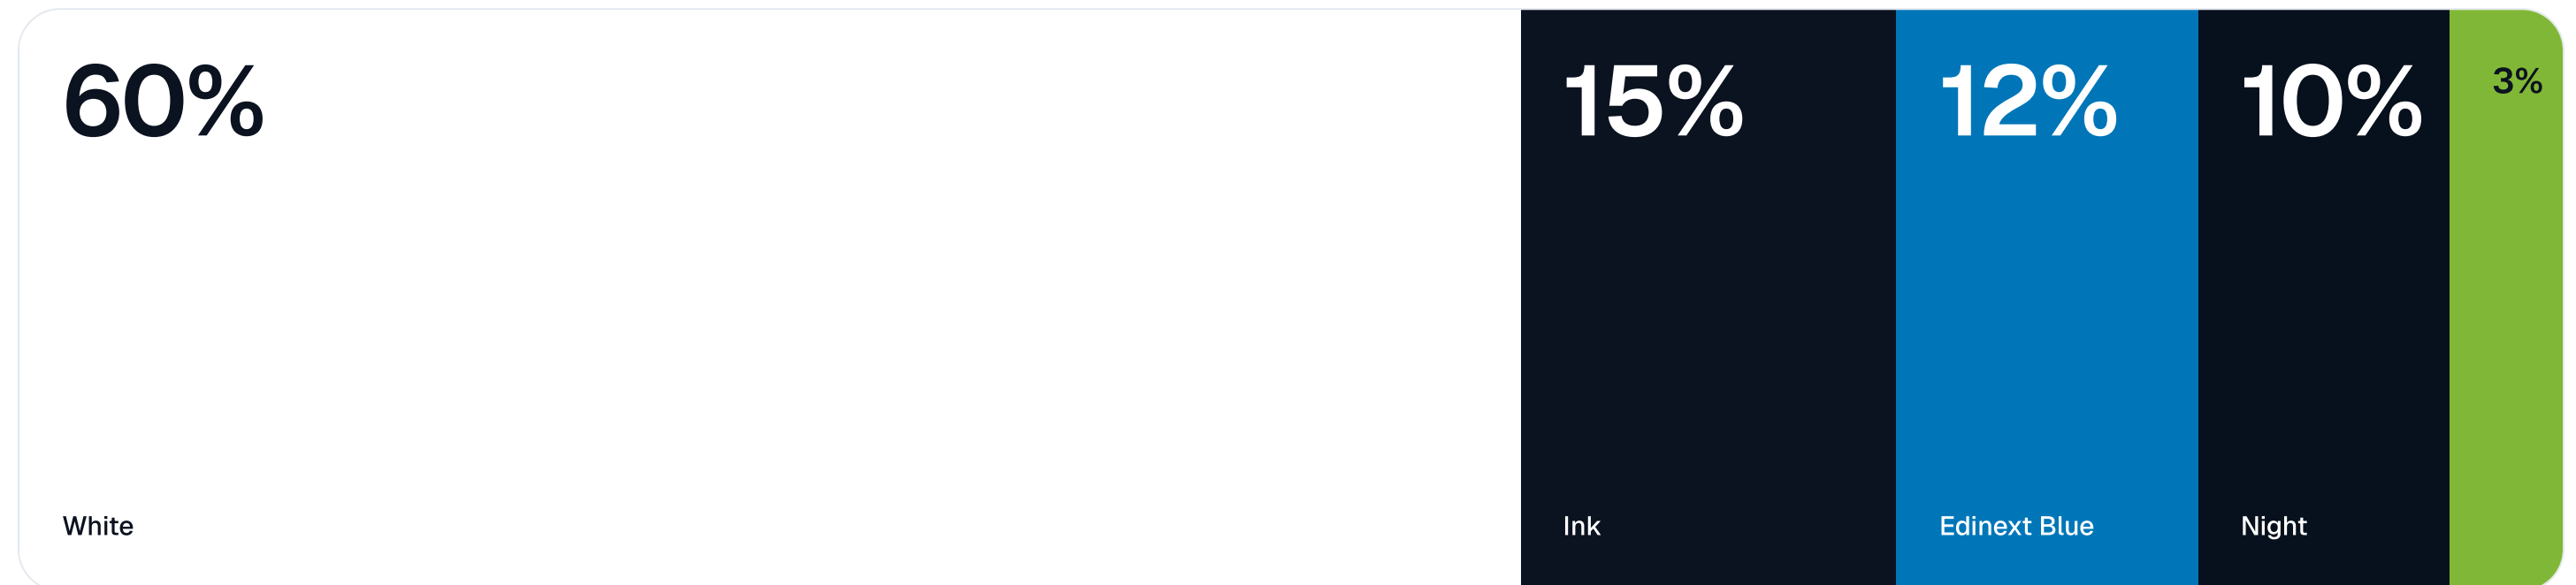

NEUTRAL

COLOUR

Proportions

Indicative proportions in a typical layout: plenty of white, text in ink, blue as the brand colour and green as an accent.

COLOUR

Combinations and contrast

Contrast ratios calculated according to WCAG 2.2. Body text needs at least AA (4.5:1).

Aa Ink / White 18.72:1AAA	Aa Text blue / White 7.02:1AAA	Aa White / Edinext Blue 4.89:1AA	Aa White / Night 19.08:1AAA
Aa Edinext Green / Night 7.96:1AAA	Aa Edinext Blue / Mist 4.47:1AA large	Aa Slate / White 5.81:1AA	Aa Edinext Green / White 2.40:1-

RULES

- Headings in sentence case, with slightly negative tracking.
- Body text between 16 and 18 px, line height 1.5–1.6.
- The logotype lettering is an original drawing: do not imitate it.

05

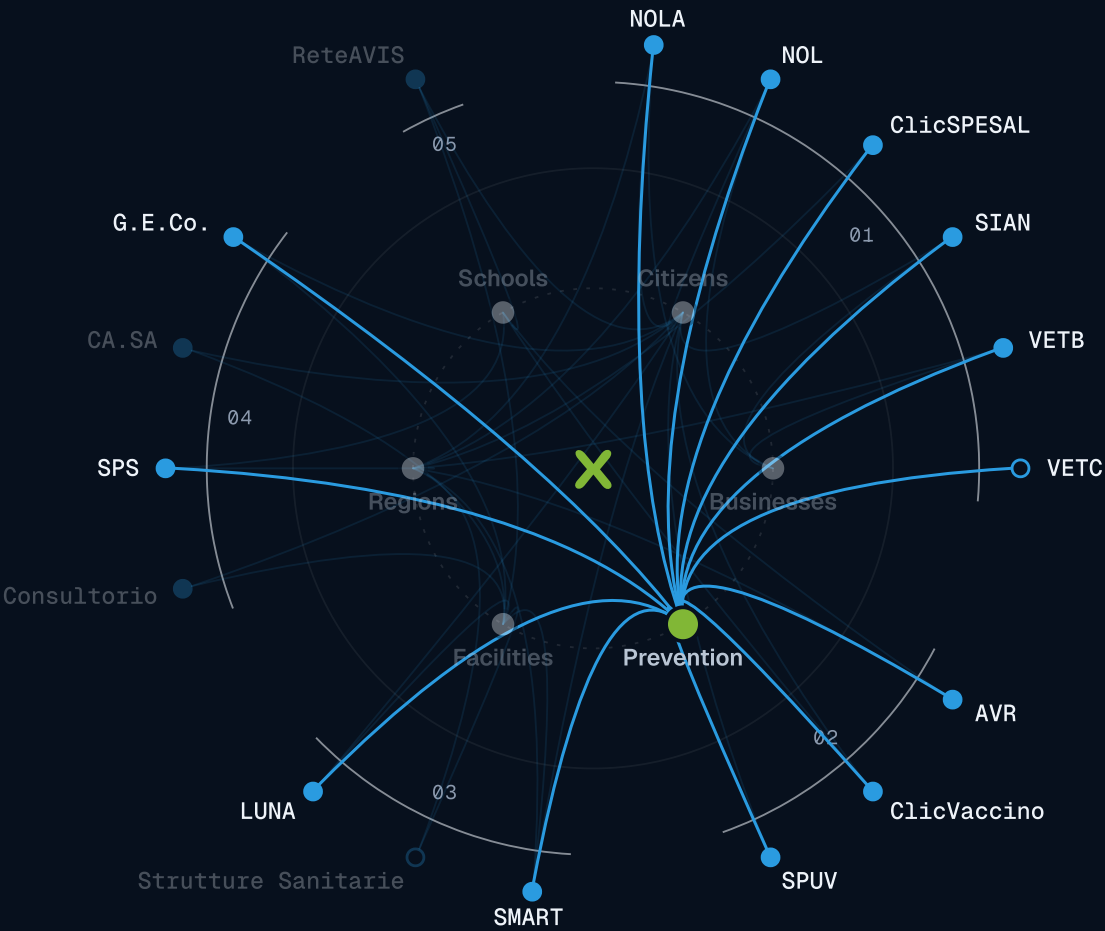

Visual language

VISUAL LANGUAGE

Diagrams

Edinext’s visual language is made of real relationships: every line connects an application to the people who use it. Diagrams are drawn on Night, with thin blue lines and green dots.

VISUAL LANGUAGE

Photography

Real people and places: staff, facilities, construction sites, the territory. Photos get a two-tone treatment in brand blue. Avoid generic stock imagery.

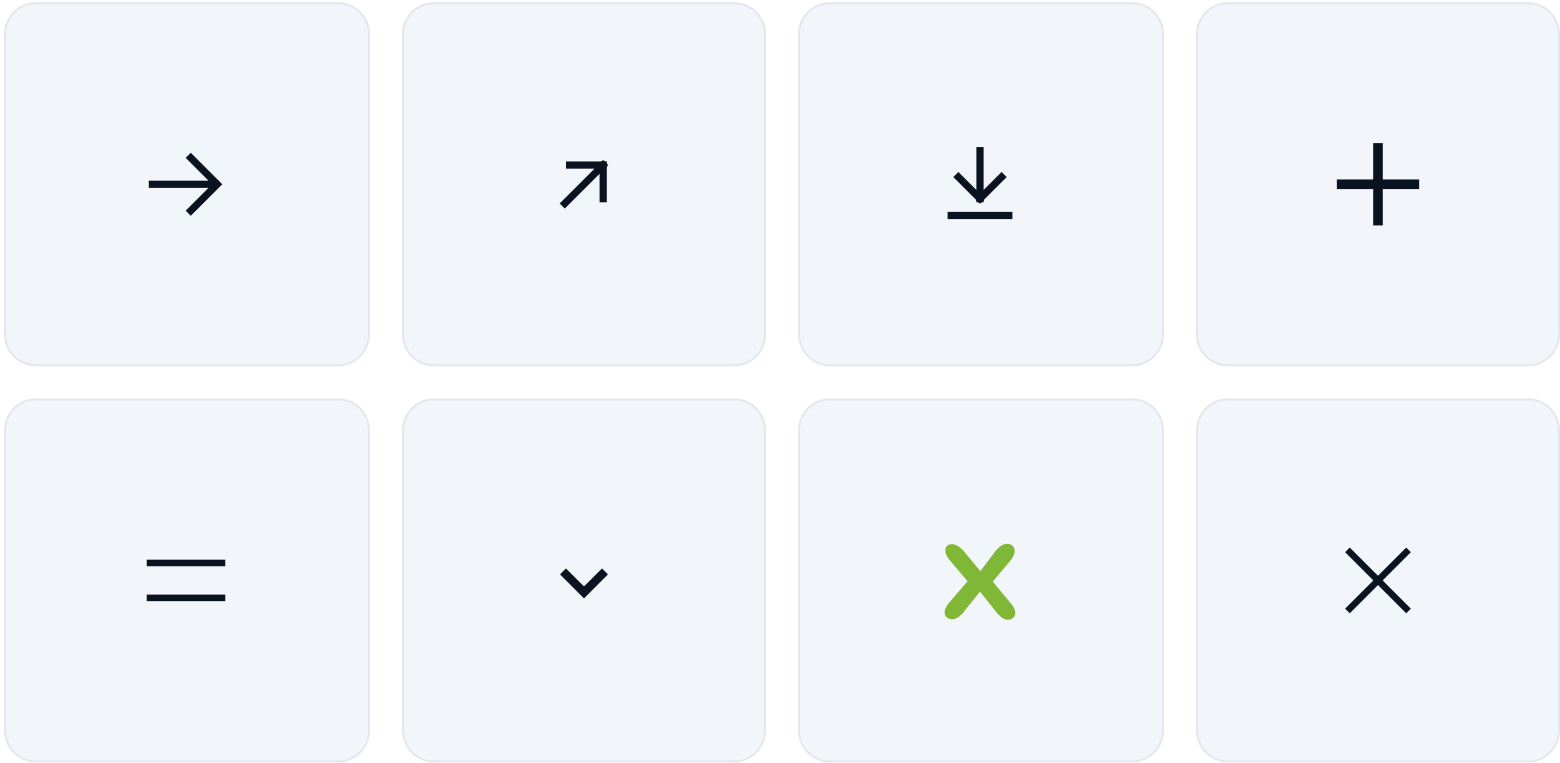

VISUAL LANGUAGE

Icons

Line icons, 1.5 px stroke, square caps, on a 20 px grid. Only where they aid understanding, never as decoration.

Motion

Short, purposeful animation: soft reveals, lines that draw themselves, flowing data. Always disabled for users who prefer reduced motion.

06

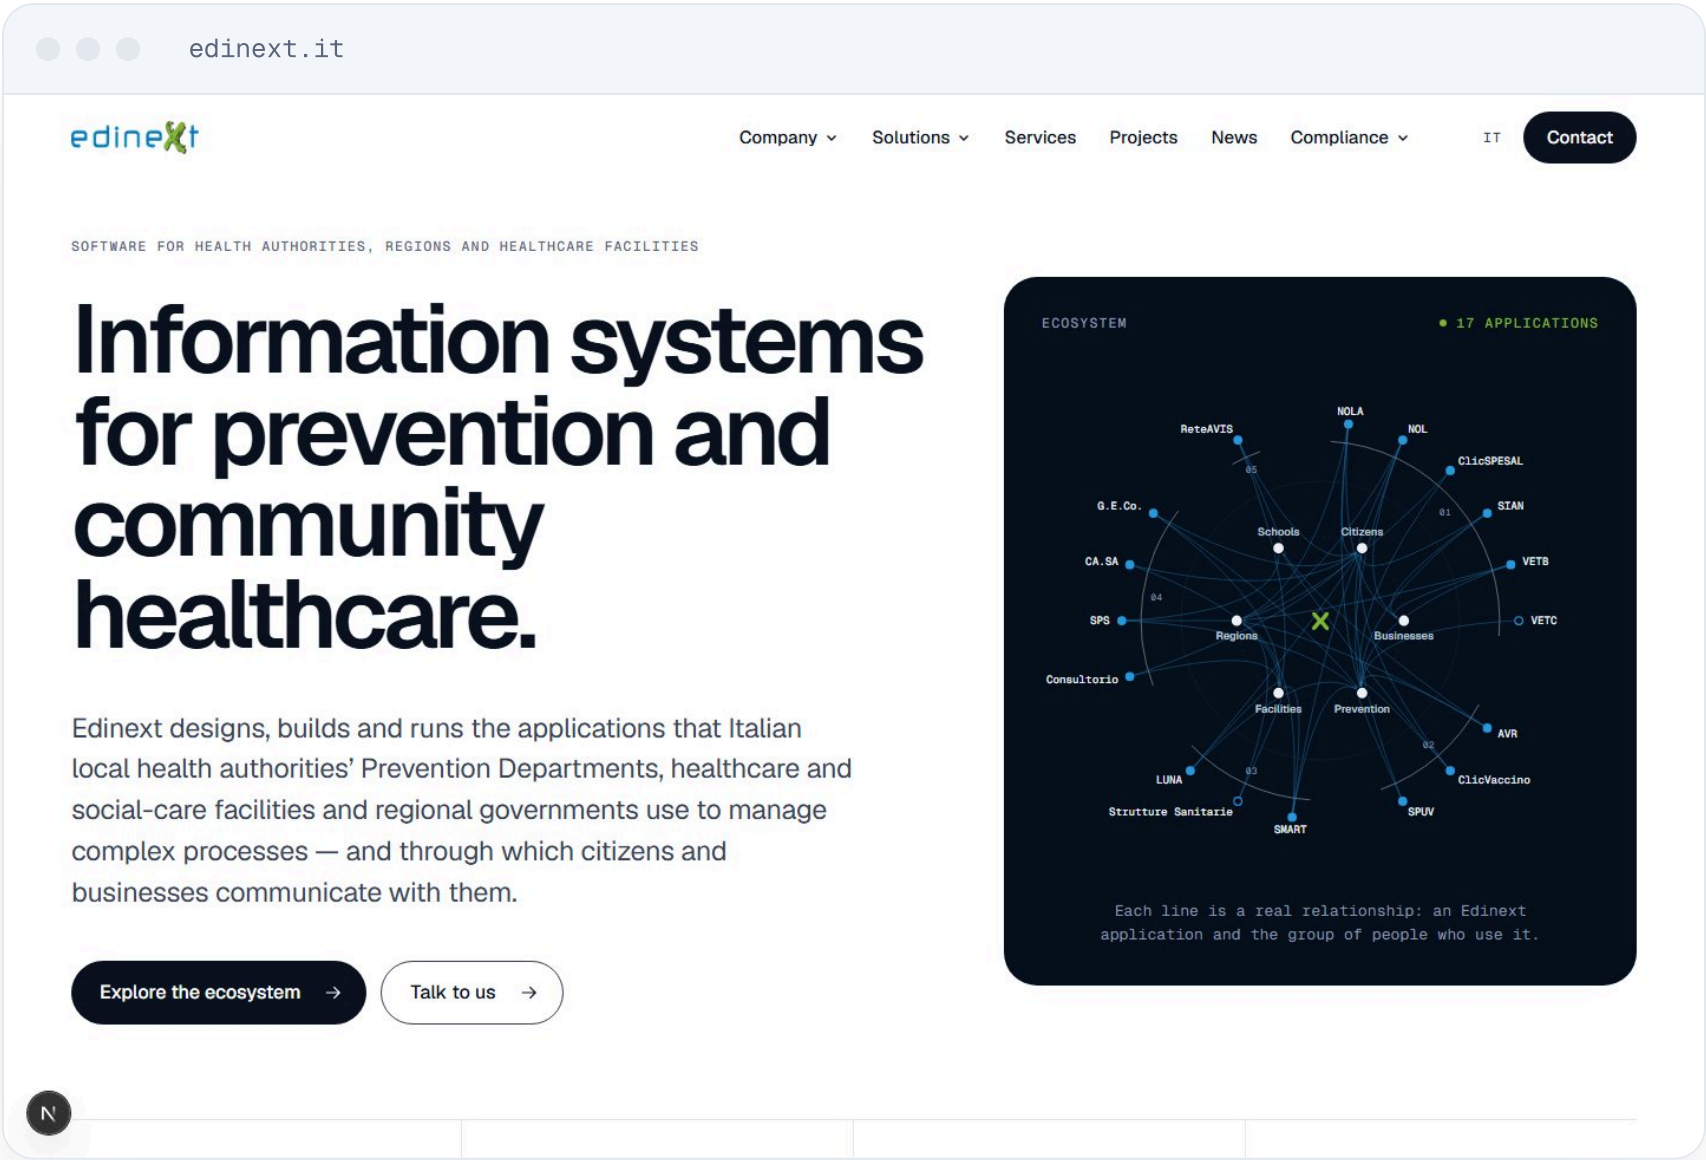

Applications

APPLICATIONS

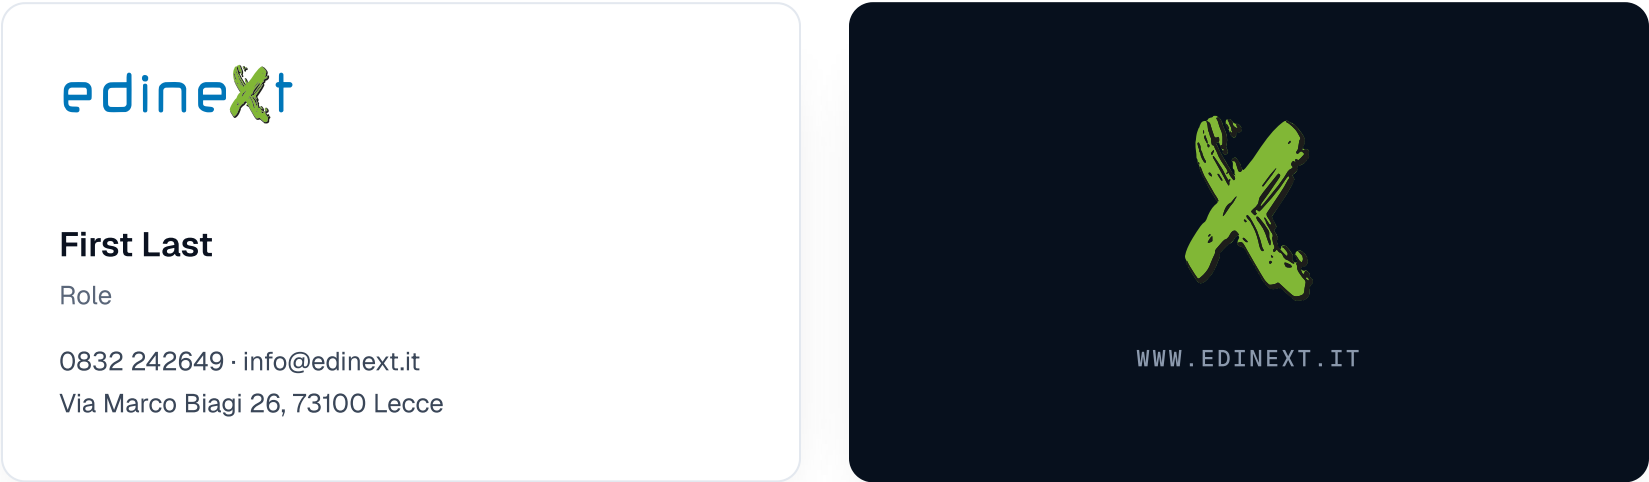

Website

The website applies the system: white, ink, dark panels for diagrams, pill buttons.

Business card

85 × 55 mm. White front with the logo, Night back with the symbol.

Letterhead

A4. Logo top left, company details in the footer.

E-mail signature

Text and wordmark only, no heavy images or quotes.
